

Greater visibility to support growth

As well as great ideas, passion and commitment, tech companies need professional systems, financial controls and processes to scale up successfully.

AccountsIQ gives finance teams access to highly granular reporting, automated workflows, the multi-currency capability to launch in new markets, and the ability to add and consolidate new entities. With real-time financial visibility, your business can make key decisions – fast!

We can give you full visibility by integrating with your other business software.

Trusted by these Tech firms

“The year before last we experienced 110% growth, we could not have done that without AccountsIQ.”
Steve Allen, Group Finance Director, IFX Payments

Seamlessly integrate with a variety of software:

Open API for custom integrations. In-house integration capability

Business intelligence:

track multiple KPIs simultaneously and deliver real-time reporting to all stakeholders

24/7 Cloud access:

collaborate across hybrid and remote working teams

Full multicurrency

capability for transactions and reporting

Scalable and easy to use: set up additional entities in minutes and get in-depth financial visibility fast

Automate most manual finance processes to improve efficiency:

invoice capture, expense management, bank reconciliation and approval workflow

Simplify intercompany

recharging across subsidiaries

What our customers say:

“With AccountsIQ, we really feel like we’re on the right platform to support our future growth. We can integrate other tech with it as and when we need to. AccountsIQ is a proper Cloud accounting package. It’s user-friendly and meets all the accounting needs of an international business.”

Steve Allen, Group Finance Director, IFX Payments

“AccountsIQ offers great support throughout implementation. It went through ahead of schedule and it was really easy. This year we were able to close our audit in a week.”

Ken O’Flaherty, CFO, Zarion Software

“The integration and the API are what really sold AccountsIQ to us. With AccountsIQ we have a well-established accounting package. What we appreciate with AccountsIQ is that, they’re developing the software constantly and they’ve improved our business processes as a result.”

Helen MacDonald, Finance Manager, Portswigger

Trust AccountsIQ to deliver

Our flexible user-based pricing and ability to set up lite business users gives you full flexibility as your business grows.

Up and running in as little as 3 weeks
